RE: Monthly Progress Report No. 138
East Waterway Supplemental Remedial Investigation/Feasibility Study
(Docket No.: CERCLA-10-2007-0030)

Dear Mr. Sanga:

On behalf of the East Waterway Group (EWG), this progress report summarizes the activities performed on the project from November 1 through November 30, 2020 for the Supplemental Remedial Investigation (SRI) and Feasibility Study (FS) of the East Waterway Operable Unit of the Harbor Island Superfund Site (East Waterway) in Seattle, Washington.

DESCRIPTION OF ACTIONS TAKEN DURING THIS REPORTING PERIOD

- Final meeting notes for large group anthropogenic meeting #3 was provided to EPA on November 13.
- Small group anthropogenic background meeting #1 on November 4. Meeting attendees included EPA Region 10 and Suquamish and Muckleshoot tribal representatives. Meeting materials were provided on November 3. Draft meeting notes were provided to EPA for review on November 13.
- Small group anthropogenic background meeting #2 on November 16. Meeting attendees included EPA Region 10 and a Suquamish tribal representative. Meeting materials were provided on November 13. Draft meeting notes were provided to EPA for review on November 30.

- Small group anthropogenic background meeting #3 on November 20. Meeting attendees included EPA Region 10 and a Suquamish tribal representative. Meeting materials were provided on November 20. Draft meeting notes were provided to EPA for review on November 30.
- Submitted Monthly Progress Report on November 15.
- A call between EWG managers and EPA on November 24.

DESCRIPTION OF ACTIONS PLANNED FOR NEXT MONTH

- Small group anthropogenic background meetings with EWG, EPA, and the Suquamish and Muckleshoot tribes on December 4 and 9. EWG will provide meeting materials ahead of each meeting and will provide meeting summaries to EPA for review after each meeting.
- EPA and EWG will finalize meeting notes from large group meeting #5 and small group meetings in December.
- EWG will provide to EPA an annotated outlined for the East Waterway anthropogenic background memorandum.

DESCRIPTION OF ACTIONS PLANNED IN THE NEXT THREE MONTHS

- A large group anthropogenic background meeting with EPA Region 10 and headquarters staff, EWG, Ecology and Suquamish and Muckleshoot tribal representatives is planned for January 13. EWG will provide meeting materials ahead of the meeting and will provide a meeting summary to EPA for review after the meeting.
- Development of the Memorandum describing the development of East Waterway anthropogenic background concentrations.
- Submit Monthly Progress Report on January 15 and February 15.

PROBLEMS, DELAYS, AND PROPOSED RESOLUTIONS

No problems or delays.
